## Message from Mrs Crompton

On Monday 16th December Miss Barnes will be holding a PTFA meeting at 9am. Anyone is welcome to come along and help give ideas or volunteer to help at events. We are planning a film night for January and a Valentines disco for February and would love your input into organising these events for the children. There is no expectation for you to help at every event, just by giving an hour of your time or attending the meetings you can make a difference. For any parent/carer helping out at an event, your child can attend for free. We look forward to seeing you there!

Please keep an eye on the Christmas diary dates as the next two weeks are full of Christmas festivities. Attendance in the last two weeks of term is still vital as the children will be continuing their curriculum learning around the festive events. Please support us by having your child in school, on time everyday.

**There is an expectation that children are in school everyday! Here is this week's attendance and lates.**

## Let's look at this week's story

The Football Association, an organisation that makes the rules for some football clubs, has brought out a new campaign called 'Football Without Limits'.

Think about: What do you think 'Football Without Limits' means? Do you like football? Do you play with your family or friends, or do you go to a football club?

'Football Without Limits' means that anyone should be able to play football, including adults and children with disabilities.

Think about: What is a disability?

Discuss that some children may have disabilities, such as being blind, deaf, or having difficulty walking which might require them to use a wheelchair. For some people with disabilities, taking part in something like football may be challenging.

As part of this campaign, a football club called Comets, for children with disabilities, is happening in towns and cities across the UK. This means that children with disabilities can play football together.

Think about: Do you think everyone should be able to play football if they want to? How do you think you would feel if you wanted to play football and were told that you couldn't? Is the club, Comets, a good idea?
