# ADULT LEARNING

## LEGO ROBOTICS

### NEW INTERACTIVE SESSION

**WeDo 2.0**  
 **education**

*This taster session will introduce you to using hands on learning to engage children with STEM subjects. You will have the opportunity to create a physical robot that you will be able to control digitally. The familiar LEGO® brick is used to stimulate children's desire to learn, and to learn more through curiosity, creativity, critical-thinking and collaboration.*

### ONE PARENT : ONE CHILD ONLY

**Wednesday 27<sup>th</sup> November 2019**  
**Livesey CC, Andrew Close, BB2 4NU**  
**03:30PM – 05:30PM**

**For more information or to book a place,  
please call 01254 507950.**
